Train to New Orleans

New Voice - New Album

The train starts rolling again.

Mad Manoush is going Electro Swing by releasing the new Album "Train to New Orleans".

After the last crossover CD "Gypsy R-Evolution", ranking in the Top 10 of Worldmusic Charts, the band finally went back to their roots.

Fresh Female Vocals, Django Reinhard - Beats and hot swing rhythms in the style of the Roaring Twenties and Thirties flock together with a pinch of Jazz and cool contemporary grooves.

An explosive mix of flashing hooks that will let you burn the floor.
